

20 OCT 2023

FRIDAY
8.30AM-3PM

ONLINE

PERFORMANCE HUDDLE

International
Building
Performance
Simulation
Association

8:30 AM
9:00 AM

IBPSA members
Coffee chat and welcome

9:00 AM
11:00 AM

Nathan Kegel, IESVE
Using building performance analysis throughout the design process with IESVE

11:00 AM
12:30 PM

Parag Rastogi, Ph. D., arbnco
Uncertainty in climate projections: Or how I learnt to stop worrying and embrace the known unknowns

Mitra Azimi, Ph.D. candidate Texas A&M
Analyzing Climate Change Impact on the Performance of High-Efficient Buildings

Drury Crawley, Ph.D., Bentley Systems, Inc.
What's Up With the Weather – Finding Current and Future Climatic Data

LUNCH

1:30 PM
3:00 PM

Zoltan Nagy, Ph.D., UT Austin
The future of artificial intelligence in buildings

Luis Matias Barajas Saldaña, Ph.D., Perkins & Will
Collaboration leading to innovation.

Rosa Carolina Martell, Gensler
Embodied Carbon Interpretations: What am I looking for?

Perkins&Will
