A * following a rating indicates a voluntary rerate of previously published data, unless accompanied with a WAS which indicates an involuntary rerate

Certified ratings for variable-speed, multi-split systems are valid for all combinations of indoor units (based on combination AHRI Types) with the specific outdoor unit listed above and in the AHRI Directory of Certified Equipment. Visit www.AHRIDirectory.org to verify that this combination is an active listing and the data listed on this document is accurate.
